

The original

**Lightweight easy to use Battery Applicators
for low to medium viscosity 310ml & 400ml
cartridges and 310ml, 400ml & 600ml sachets.**

Ergonomically designed and produced by PC Cox the world's leading manufacturer of applicators. The EasiPower range of battery applicators provides users with a lightweight and ergonomically designed product, perfect for the professional and semi-professional seeking a high quality but economically priced tool.

EasiPower™

**Produced by the world's leading
manufacturer of sealant applicators.**

COX FOR **QUALITY APPLICATORS**

The new **Cox EasiPower** range of battery applicators is ideal for the **semi and professional user**. Manufactured to the same high standards as all Cox applicators **EasiPower** represents excellent value for money for those wanting a lightweight and reliable battery powered applicator, for example in the Automotive or construction market.

OUR LATEST BATTERY POWERED APPLICATOR

Low to medium viscosity quality applicators for 310ml & 400ml cartridges and 310ml, 400ml & 600ml sachets

EasiPower can be used in any location offering complete working flexibility, providing users with the convenience and versatility of battery power to deliver a smooth, consistent flow of material from the applicator.

EasiPower™

Newly designed lightweight trigger assembly

Ergonomically designed handle for comfortable extended use

Cox branding for assured quality

THE NEW EASIPOWER RANGE

The all new Cox EasiPower is available in 3 versions:

- EasiPower Cartridge for 310ml and 400ml cartridges
- EasiPower Combi for 310ml/400ml cartridges and 310ml/400ml/600ml sachets
- EasiPower Coaxial for 380ml coaxial cartridges

EasiPower Cartridge

These have been designed to work with 310ml & 400ml cartridge systems.

Part of the highly successful professional Cox Electroflow range the Cox EasiPower cartridge applicator provides a lightweight option offering Cox high quality but with reduced power for those users not requiring an applicator for high viscosity sealants and adhesives.

EasiPower™
CARTRIDGE

For quality performance, long life and value

- Metal frame
- Engineered polymer trigger assembly
- Lithium Ion Battery (Voltage: 10.8v | Energy: 14Wh)

310ml
400ml

2kN
(450-500lbs
stall force)

1.2kg

EasiPower Coaxial

These have been designed to work with 380ml coaxial cartridge systems (ratio 10:1).

This lighter version of our very successful Electroflow applicator range gives the user more flexibility in terms of where and how long it is used, because it is both light and more compact than the big version. For low to medium viscosity materials.

EasiPower™
COAXIAL

For quality performance, long life and value

- Metal frame
- Engineered polymer trigger assembly
- Lithium Ion Battery (Voltage: 10.8v | Energy: 14Wh)

380ml
(Coaxial)
10:1

2kN
(450-500lbs
stall force)

1.2kg

EasiPower™

EasiPower Combi for Sachets and Cartridges

EasiPower Combi available for sachets and cartridges is a fully interchangeable applicator allowing the user complete flexibility between sealant packaging systems. Using a lightweight aluminium barrel, combined with the high strength polymer handle and trigger assembly, offers considerable weight saving over professional battery powered barrel guns.

EasiPower™
COMBI

For quality performance, flexibility, long life and value

- Lightweight aluminium barrel
- Engineered polymer trigger assembly
- Lithium Ion Battery (Voltage: 10.8v | Energy: 14Wh)
