INTRODUCING THE NEW GENERATION

The new Electraflow Plus is designed for professionals across all industry sectors who need a reliable and high performance dispensing tool.

More speed, higher power and longer battery life make Electraflow Plus the ideal battery-powered applicator to improve productivity and deliver large volumes of material in a controlled and precise manner.

## Electraflow Plus™

- 3.5kN of force for higher viscosity materials
- 18V Li-Ion battery for greater power and short recharge time
- Speed rack of maximum 8mm/sec for higher material output
- Speed sensitive trigger to assist less experienced operators to bead into and around corners
- New soft touch rubber grips to improve operator comfort and tool support on inclined surfaces
- Variable 9 speed power dial to set application speed
- Designed and manufactured in the UK for guaranteed excellent quality

NEW

# COX PROFESSIONAL APPLICATORS

The Cox Electraflow Plus, already one of the industry's most successful, professional applicators, moves onto the next level – the **Electraflow Plus**. Now, with a lighter 18V lithium-ion battery, the **Electraflow Plus** has even more power. Its ergonomic design ensures that the **Electraflow Plus** provides the professional user with a perfectly well-balanced tool, capable of smoothly dispensing controlled beads of urethanes and other high-viscosity sealants and adhesives.

## PRODUCT APPROVALS

The Electraflow Plus dispensers have all been extensively tested to ensure that they meet all the latest CE requirements. The batteries are fully UN compliant and the battery chargers are IEC60335 and UL approved.

## Electraflow Plus™

360° rotating collar to control turns (single-component applicators)

### Latest Li-Ion Battery Technology

- Rechargeable 18V lithium-ion battery
- No memory loss –can be charged at any time (doesn't have to be run empty first)
- High energy densities
- Considerably less loss of charge when not in use (charge still in place even after months of limited use)
- Fully charged within 30 minutes of using a universal charger
- All applicators are supplied with ONE battery as standard; a second battery can be supplied on request at an additional cost
- Two sizes available: 1.5Ah (fitted as standard), or 3.0Ah which provides longer battery life (on request at an additional cost)

Lightweight trigger assembly for prolonged use

New built-in rest pad to protect tool

Easy-to-use trigger lock to prevent accidental material discharge

Soft-touch rubber grips for comfortable extended use

Variable 9 speed dial to set material output speed

## RANGE FEATURES

- Overload shut off protection prevents damage to electronic and mechanical components when overloaded
- Speed sensitive trigger to maintain an even application of materials
- Auto-reverse feature, drives the rack back automatically after dispensing to prevent material overflow
- Bespoke control board programmes are possible (at additional cost)
- Speed dial with 9 settings to control the rate of material output
- Designed and made in the UK for assured quality

## Electraflow Plus Cartridge

For 310ml Cartridges

- Rotating cartridge frame improves manoeuvrability in tight spaces
- Plastic frame straps to support and secure cartridge
- Double reinforced front plate for extra stability

### Electraflow Plus<sup>™</sup> CARTRIDGE

Battery-powered  
single cartridge applicator

- Medium – high viscosity

18v  
1.5Ah\*  
Li-ion

310ml

3.5kN

2.38kg

\*Fitted as standard. 3.0Ah also available

For 400ml Cartridges

- Low – medium viscosity

18v  
1.5Ah\*  
Li-ion

400ml

3.5kN/  
785lbs

2.32kg

\*Fitted as standard. 3.0Ah also available

NOTE: Non-reinforced front plate – for low to medium viscosity ONLY

For US Quart Cartridges

- Low – medium viscosity

18v  
1.5Ah\*  
Li-ion

946ml  
(US QUART)

3.5kN/  
785lbs

2.65kg

\*Fitted as standard. 3.0Ah also available

NOTE: Non-reinforced front plate – for low to medium viscosity ONLY

## Electraflow Plus Combi

THREE STANDARD MODELS AVAILABLE

- 310ml cartridge and sachet
- 310ml and 400ml cartridge and sachet
- 310ml and 400ml cartridge and 310ml, 400ml and 600ml sachet
- Ask us about bespoke requirements

Sachet Plunger

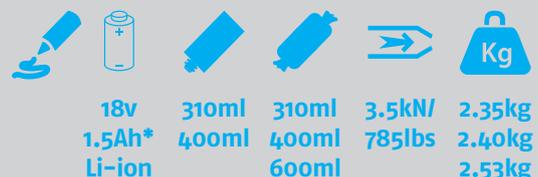

Cartridge Plunger

### Electraflow Plus<sup>™</sup> COMBI

Battery-powered single sachet  
and combi applicator

- Medium – high viscosity
- Versatile tool for high volume cartridge AND sachet materials

18v  
1.5Ah\*  
Li-ion

310ml  
400ml

310ml  
400ml  
600ml

3.5kN/  
785lbs

2.35kg  
2.40kg  
2.53kg

\*Fitted as standard. 3.0Ah also available

# Electraflow Plus™ ACCESSORIES

## Universal Battery Charger

PART NUMBER: 7E1602

## Charger Cable

PART NUMBER:

2E1465 (UK)

2E1477 (US)

2E1478 (EU)

## Batteries

PART NUMBER:

7E1601 (1.5 Ah) Battery

7E1603 (3.0 Ah) Battery

## Robust Protective Case

PART NUMBER: 2XP013

### COX Accessories

A wide range of accessories are available for you to get the most from your applicator

### Bespoke power and viscosity options

For different power or viscosity requirements, please contact us or visit [www.pccox.co.uk](http://www.pccox.co.uk)

Electraflow plus full model range includes: single component applicators, dual component applicators and floor adhesive applicators.

## PRODUCT RANGE BY POWER
